

Cowan Baseball/Softball League Sponsorship

Dear Contributor,

The Cowan Baseball/Softball League has a long and strong tradition as a top quality youth league in southern Delaware County. The league origins, dating back decades, began as groups of parents wanting their children to have an organized summer activity while out of school. This of course has grown and developed into the leagues that have provided countless children the opportunity to learn and play in an organized and safe environment.

Our league provides the opportunity to 200+ children ranging from four to fourteen in age. With the children come the parents, grandparents, siblings and family friends. This large number of people is a great opportunity for both the league and its supporting sponsors to grow and prosper. We need your help to give the children and their families the best experience this all volunteer organization can supply.

With your help we can supply the proper equipment and provide the needs our members rely on. You helping us will also help you. The obvious benefits of the advertisement you will receive, not to mention the satisfaction of helping the children, will carry a lot of spending power with our parents.

As our league and membership grows, we hope your support follows. The opportunities you can help supply are far more reaching than just baseball and softball. The citizenship skills and teamwork ethics that we teach the children are much more important. Yes, athletic achievement is important, but providing adult mentors, positive role models and promoting health and physical fitness is a benefit to us all.

Team Sponsor: \$300

Team + 1 year Fence Sponsor: \$425
