

## ***Building Self Confidence & Making Life Long Friendships!***

**Every girl should have the opportunity to build their self-confidence through sports. All our volunteers are dedicated keeping these kids focused on making healthier life choices.**

**THANK YOU, for being a SPONSOR! We depend on your tax deductible donation to keep our organization running strong!**

◀Sheila is a kind hearted and compassionate kid who does a great job at second base! When one of her teammates makes a great play, Sheila is just as happy as if it was her. When asked what softball means to her, Sheila has said it is about sisterhood, meeting new friends, and going on adventures. Sheila feels more confident about starting junior high in the fall because of the bonds she has made through softball. It has also given her great confidence in PE, and the boys have learned that she is not one to shy away from any tasks that are put before her! Softball is also a great father daughter activity for Sheila and it is a special part of their relationship. Her father James has put his heart and soul into coaching these girls for years.

▶ When asked what softball means to Delayna, she's said softball is about building life long friendships with her softball sisters, and learning valuable life tools, including gaining the confidence needed to achieve her goals. It is her dream to be a college pitcher someday and she is out on the mound practicing multiple times a week to realize this dream! One of Delayna's biggest supporters is her father who sits behind home plate catching for her for countless hours every week. He is dedicated to helping coach and support her and all the other girls. Their strong father-daughter bond has developed through their shared passion of the sport.
