

FYB 2021 - Coronavirus (COVID 19) Plan of Action

Dear FYB Families,

As you may be aware, San Diego County and California public health officials issued a Regional Stay Home Order in December 2020, which was extended into January 2021. Additionally, on December 15th, 2020 California public health officials released guidance regarding youth sports. This guidance categorized the various sports into “sports risk profiles”: Low-contact, Moderate-contact, & High-contact. Baseball was deemed a moderate-contact sport. The guidance stipulated which sports can play games depending the county’s tier status. Baseball games will be permitted if San Diego county is in the Red Tier.

After much discussion, we have made the difficult decision to **postpone the start of the 2021 Spring season**. By postponing the **start of the season until March 1st, 2021**, we hope to be able to allow our kids to practice and play games.

Regardless of the county tier status, practices will begin on March 1st. We will extend the **registration period until February 19th, 2021**.

FYB will always be committed to the safety of our players & their families. We understand how important youth baseball is to our players and families. Our hope is to restart our games as soon as possible.

We will provide additional information & updates as we get closer to March 1st.
