

Coaches will monitor participants' compliance with FYB's COVID Protocols.

Coaches must notify the FYB Board if any participant or coach has tested positive for COVID-19.

Parents: Please do not send your child to practices or games if they are experiencing any of the sign or symptoms or have been exposed to COVID-19

COVID-19 Protocols for the Spring 2021 Season
General
Hand sanitizer will be readily available to be used before entering the field of play and leaving the field of play. Hand sanitizer will be readily available if needed at any time.
Hand sanitizer stations are located near both dugouts on Field 1-4
Snack Bar shall be closed until further notice
Teams once established and will consist of stable groups of players with no swapping in and out of players.
Teams must not participate in out-of-state games and tournaments.
Practices & Games – Players and Coaches
Practices & games will be scheduled with enough time to allow the team(s) to completely leave the field before the next team(s) takes the field.
During practices; parents are to drop of players and remain in their vehicles or observe practice from the outfield to maintain distance from the team.
Dugouts will be open during practices and games.
Face coverings must be worn when not participating in the activity (e.g. in the dugout). Face coverings are recommended for players while participating in practice or game but not required.
Face coverings must be worn by all coaches and support staff when in close contact with players. (e.g. in the dugout or in a huddle)
Players and coaches must adhere to social distancing (6' apart) as much as possible during participation.

Limit huddles or physical contact during practices or games, including but not limited to high-fives, fist/elbow bumps.
No sharing of drink bottles or other personal items
Personal equipment (bats, helmet, gloves, etc.) can only be used by the individual owner and stored in a manner that limits contact by other players or coaches.
Disinfectant spray will be available for equipment such as the tee or catchers gear. If a player will be using the FYB provided catcher's gear, then a face covering must be worn as well.
Socializing after practice or games should be kept to a minimum. Once practice or game is over, all players and coaches must exit the field as soon as possible to allow next team to take the field.
Fans during Games
Face coverings will be required by all to enter and exit the field.
Fans are encouraged to observe the games from their car or from the outfield. If you choose to view from the outfield, please maintain at least 6 feet from non-household members.
Fans for games are limited to immediate household members to limit the number of people at the facility at any one time.
Stands will be open, but face coverings are required at all times since observing social distancing guidance is difficult in such a small space.
Siblings or small children must stay with parents at all times. Children are not allowed to run around the facility.
Socializing after games should be kept to a minimum. Once the game is over, all players and families must exit the field as soon as possible to allow next teams to take the field.

All participants & coaches will self-screen before participating in FYB activities.

Participants and coaches with the following signs or symptoms should refrain from participating in FYB activities:

- **Individual has tested positive for COVID-19 or has had close contact with a person who is confirmed to have tested positive for COVID-19**
- **Feeling feverish or a measured temperature greater than or equal to 100.0F**
- **Cough**
- **Shortness of breath or difficulty breathing**
- **Chills or Repeated shaking with chills**
- **Muscle pain**

- **Headache**
- **Sore throat**
- **Loss of taste or smell**
- **Diarrhea**

Participants with new or worsening signs or symptoms listed above are NOT allowed to return to FYB activities until all three criteria are met:

- At least 3 days (72 hours) have passed since recovery (resolutions of fever without the use of fever-reducing medications)
- Individual has improvement in symptoms (e.g. cough, shortness of breath, etc.)
- At least 10 days have passed since symptoms first appeared

If an individual has symptoms that could be COVID-19 and does not get evaluated by a medical professional or tested for COVID-19, the individual is assumed to have COVID-19. Individual may not return to FYB activities until they have completed the same three-step criteria listed above.

If the individual wants to return to participation before completing the above self-isolation period, they must obtain a medical professional's note clearing the individual for return based on an alternative diagnosis.

If an individual has had close contact with a person with COVID-19 symptoms or a person who has tested positive for COVID-19, then per CDC guideline that person should stay home for 14 days from the date of contact and shall not participate in any FYB activities
