TWO WAYS TO MEASURE:

1. MEASURE GEAR THAT FITS YOUR PLAYER WELL & CONVERT TO OUR CHART:

– Take a Top that fit well and measure the length (down the side, measure from top of waistband to bottom of Tops).

To measure the waist, you will measure across the waistband and multiply by 2.

Compare your measurements to our size chart and you'll have the size jersey you need.

2. MEASURE THE PLAYERS:

– The size chart reflects the GARMENT size. Keeping that in mind, when measuring for the Tops, simply measure around your player's waist and slot the measurement into the middle range of a jersey size on the chart. For length, measure from top of hip to where you want the Tops to fall. Go with the bigger size if both measurements point to different sizes on the chart.

Again, if both measurements point to 2 different sizes on the chart...go with the bigger size!
