## TWO WAYS TO MEASURE:

### 1. MEASURE GEAR THAT FITS YOUR PLAYER WELL & CONVERT TO OUR CHART:

– For the jersey, take a jersey that fits the player well and measure across the width just under the armhole....multiply by 2.

For length, measure from back of the collar to the bottom of the jersey.

Compare your measurements to our size chart and you'll have the size jersey you need.

### 2. MEASURE THE PLAYERS:

– For the jersey, measure around your player's chest....add 8-10" to that measurement to provide space in the jersey to determine your player's corresponding chest size. If you want a tighter fit, simply add less additional space to your chest measurement. Measure from top of the shoulders down to where you want the jersey to fall and that is your player's length.

Again, if both measurements point to 2 different sizes on the chart...go with the bigger size!
