General Safety Policies for WLL

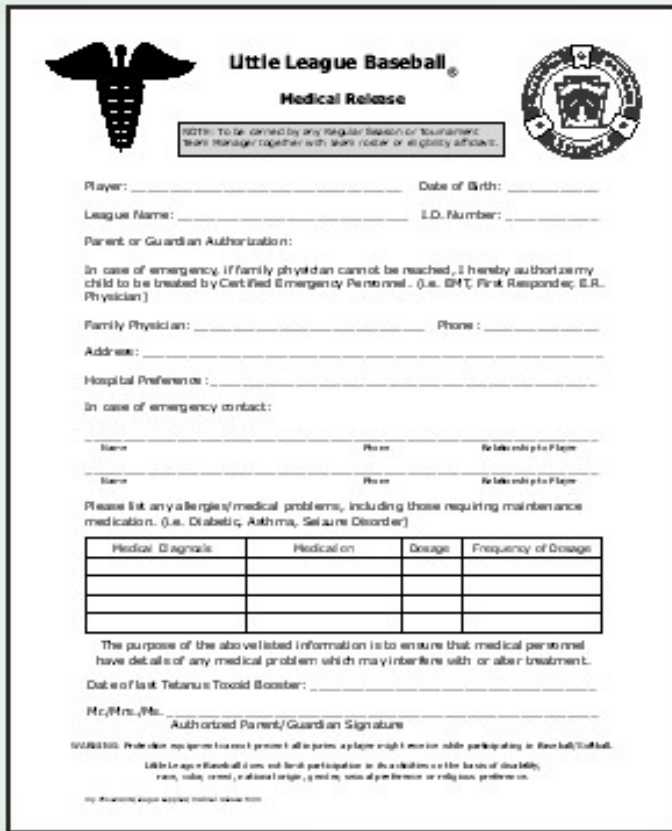

- This Safety Plan and manual will be distributed to all coaches and managers as well as all officers and league volunteers of *our Little League*
- WLL will inform and involve parents in the Safety Program
- Umpires are a vital part of our Safety Program. Umpires will be considered as Safety Officers for each game they officiate in the absence of a District or League Safety Officer and have the authority to stop or delay play due to any safety issues
- Before any game or practice, Managers, Coaches and Umpires will carefully inspect the fields/facilities for hazards. Inspection should include bases, fences, outfield area, rest rooms, and bleachers. Managers must also ensure that all phone listings for our Little League Board of Directors and all Emergency Phone listings are predominately posted at the game or practice site. Report all problems to the League Safety Officer. Correct all problems BEFORE beginning play or practice.
- Before any game or practice, all equipment (Bats, Helmets, Bases, Catchers Equipment) must be carefully inspected for defects. Discard all defective equipment and report all problems to the Safety Officer. All defective equipment will be returned for permanent disposal. At no time will defective equipment be given away.
- All rules of the 2021 Little League rulebook will be strictly enforced. Our league will ensure that the appropriate 2021 Little League rulebook is distributed to every manager, coach, umpire and league/district official. All participants must follow all 2021 Little League Baseball Inc. rules, both during practices and games as most rules relate to safe participation. Some rules of special importance

- All fields under our control will use dis-engage able bases
- Catchers will be properly equipped In accordance with Rule 1.17. All catchers must also have dangling throat protectors secured to their masks in such a way as to provide proper protection
- Catchers warming up pitchers or catching for infield/outfield drills will wear catchers' helmet, mask with dangling throat protector
- Under no circumstances will an adult volunteer warm up a pitcher in accordance with Rule 3.06. This includes standing at the backstop during practice as informal catcher for batting practice

- All suspect or clearly defective equipment will be disposed of by our equipment manager. It will not be given away for use by anyone

There are no exceptions to this rule. Copies must also be provided to the Player Agent. A blank copy will be provided with the registration forms.

WARNING: Participation requires that you provide all in person, a player is not eligible to participate in these ball/softball. Little League Baseball does not limit participation in these activities on the basis of disability. Race, color, creed, or national origin, gender, sexual preference or other personal problems are not reasons to deny anyone participation.

Whether regular season or tournament games or practices, your managers need to carry all their players' Medical Releases. While just as critical for teams in tournament play, the forms are just as important during the regular season.

Most hospitals will not treat a player who does not have a life-threatening injury without one. Imagine if your manager has to accompany a player with a broken leg to the hospital because the parents weren't at the game or practice. Without a Medical Release it's likely to be a long wait with a suffering player as the manager tries frantically to reach them to approve medical treatment.

Make sure your league has all players' Medical Releases, and the manager carries the team's forms with him or her everywhere. Then if a parent isn't at the field when an accident happens, the only call that will really matter is to 9-1-1.

OUR LEAGUE EMERGENCY PROCEDURE

In the event of any serious crime, threat of any type, injury or illness

DIAL 9-1-1

This will connect you to a dispatcher who will provide the appropriate response to any emergency. Listen carefully to the dispatcher. They will ask you the appropriate questions and get you the help you need. No matter what, DO NOT HANG UP until the dispatcher hangs up or tells you to.

If the emergency is an injury or illness, follow this procedure

First, protect the victim from further injury! DO NOT MOVE THE VICTIM UNLESS THERE IS AN IMMEDIATE THREAT!

Any qualified person at the scene should provide First Aid immediately.

The most important help you can provide to a victim who is seriously injured is to call for professional medical help. Make the call quickly, preferably from a cell phone near the injured person. If this is not possible, send someone else to make the call from a nearby telephone.

First dial 9-1-1. Give the dispatcher the necessary information. Answer any and all questions that he or she might ask. Most dispatchers will ask your exact location, the telephone number from which the call is being made and your name. They will also need to know what happened, how many victims there are and their condition. They will also ask what help is being given (first aid, CPR, etc.) The dispatcher may be able to tell you how to best care for the victim.

Continue to care for the victim and reassure them until professional help arrives.

If the victim is a minor, find the legal guardian.

Always notify the League President and/or Safety Officer of any incident, no matter how minor, so that it can be properly documented by the league.

- **Anyone refusing to follow and complete the required process will not be allowed to participate with the league in any capacity.**

Williams Little League Accident Reporting and Tracking Policy

- **All accidents and near-miss incidents must be reported to the League Safety Officer.**
- **All accidents involving an injury that require any first aid or professional medical attention must be reported within 24 hours of the incident.**
- **All other accidents and near miss incidents must be reported within 72 hours. Near miss accidents are any incident where a player, spectator, umpire, coach, manager or league official narrowly missed being injured. These “close call” incidents may indicate a safety problem that needs to be addressed before an actual injury occurs.**

- **Safety officer will also forward comments to the board of directors and fill out appropriate form(s)**
 - ASAP Incident Tracking Form(Enclosed)**
 - Little League Accident Notification Form(Enclosed)**
