Message from Commissioner, Jay Erhart

Remember that the game of football and cheer brings us together as a team! We are all mentors that help change the minds and humanity of our youth. We rely on each other and teach our youth to be great leaders and good citizens in our communities. That is what we do and why we do it. Without you many of the youth would not be here. We have to make this work for our kids and families! I cannot thank each of you enough for volunteering to help bring us together.
