1 Team representative  
Village Park, 7PM

February 6, 2020- Managers/Coaches  
Clinic Village Park, 7PM

## **SRLL Adult/ Role Model CODE OF CONDUCT**

The 2018 Southridge Little League Board of Directors has mandated the following code of conduct. This code of conduct must be followed at all times. The code of conduct requires that each manager and coach sign an agreement, acknowledging that he or she understands and agrees to fully comply.

No board member, manager, coach, player, official or spectator shall at any time:

1. Touch, push, shove, strike, or otherwise threaten (physically or verbally) any other individual.
2. Exhibit unsportsmanlike conduct including the throwing of gloves, helmets, hats, bats, balls, or any other object.
3. Use or cause the use of unnecessarily rough tactics in the play of a game against opposing players.
4. Use profane, obscene or vulgar language.
5. Exhibit physical contact of a sexual or affectionate nature.
6. Appear anywhere in the facility while in an intoxicated state.
7. Gamble on any play or game.
8. Use tobacco (any form) within the SRLL Complex. Smoking will be permitted only off complex grounds or in the parking lots.
9. Speak disrespectfully to any other manager, coach, player, official, spectator or board member.
10. Tamper or manipulate any league documents including, but not limited to, player rosters, game and tournament schedules, all-star affidavits, and scorebooks.
11. Challenge any umpire's authority.

This conduct shall be maintained on any field or in any facility in which the team represents Southridge Little League including all-star and championship play.

The Board of Directors will review all infractions of the Conduct Code. Depending on the seriousness or frequency of the infraction, the board may assess additional disciplinary action up to and including expulsion from the league.

## SRLI Safety Code of Conduct

**ASAP - What is it?** In 1995, ASAP (A Safety Awareness Program) was introduced with the goal of re-emphasizing the position of Safety Officer “to create awareness, through education and information, of the opportunities to provide a safer environment for kids and all participants of Little League Baseball”. This manual is offered as a tool to place some important information at managers’ and coaches’ finger tips.

### Do ...

- Reassure and aid children who are injured, frightened, or lost
- Provide, or assist in obtaining, medical attention for those who require it.
- Know your limitations.
- Carry your first-aid kit to all games and practices
- Keep your “Prevention and Emergency Management of Little League Baseball and Softball Injuries” booklet with your first-aid kit.
- Assist those who require medical attention - and when administering aid, remember to
- LOOK** for signs of injury (*Blood, Black-and-blue deformity of joint etc.*).
- LISTEN** to the injured describe what happened and what hurts if conscious. Before questioning, you may have to calm and soothe an excited child.
- FEEL** gently and carefully the injured area for signs of swelling, or grating of broken bone.
- Have your players’ Medical Clearance Forms with you at all games and practices.
- Make arrangements to have a cellular phone available when your game or practice is at a facility that does not have any public phones.

### Don’t...

- Administer any medications
- Provide any food or beverages (other than water)
- Hesitate in giving aid when needed
- Be afraid to ask for help if you’re not sure of the proper procedures (i.e., CPR, etc.)
- Transport injured individuals except in extreme emergencies
- Leave an unattended child at a practice or game
- Hesitate to report any present or potential safety hazard to the Director of Safety immediately.

### Some Important Do’s and Don’ts

# SAFETY CODE

## Dedicated to Injury Prevention

- Arrangements should be made in advance of all games and practices for emergency medical services.
- First-aid kits have been placed in each scoreboard, public address facility at each field and are located at the concession stand.
- No games or practices should be held when weather or field conditions are not good, Responsibility for Safety procedures should be that of an adult member of SRLL...particularly when lighting is inadequate.
- Grounds should be inspected frequently for holes, damage, stones, glass and other foreign objects. Any problems need to be reported to the safety officer.
- All team equipment should be stored within the team dugout, and not within the area defined by the umpires as "in play".
- Only players, managers, coaches, and umpires are permitted on the playing field or in the dugout during games and practice sessions.
- Responsibility for keeping bats and loose equipment off the field of play should be that of a player assigned for this purpose or the team's manager and coaches.
- Procedure should be established for retrieving foul balls batted out of playing area.
- During practice and games, all players should be alert and watching the batter on each pitch.
- During warm-up drills players should be spaced so that no one is endangered by wild throws or missed catches.
- All pre-game warm-ups should be performed within the confines of the playing field and not within areas that are frequented by, and thus endanger spectators (i.e., playing catch, pepper, swinging bats, etc.).
- Equipment should be inspected regularly for the condition of the equipment as well as for proper fit.
- Batters must wear Little League approved protective helmets during batting practice and games.
- Catcher must wear catcher's helmet, mask, throat guard, long model chest protector, shin guards and protective cup with athletic supporter at all times (males) for all practices and games. **NO EXCEPTIONS.** Managers should encourage all male players to wear protective cups and supporters for practices and games.
- Except when runner is returning to a base, headfirst slides are only permitted in the junior and senior divisions.
- During sliding practice, bases should not be strapped down or anchored.
- At no time should "horse play" be permitted on the playing field.
- Parents of players who wear glasses should be encouraged to provide "safety glasses."
- Player must not wear watches, rings, pins or metallic items during games and practices.

- The Catcher must wear catcher's helmet and mask with a throat guard in warming up pitchers. This applies between innings and in the bullpen during a game and also during practices.
- **Speed Limit 5 mph** in roadways and parking lots while attending any SRLL function. Watch for small children around parked cars.
- **No Alcohol or Tobacco of any kind allowed** in any field or common areas within the SRLL complex.
- No Playing in parking lots at any time.
- No Playing on and around lawn equipment.
- Always be alert for traffic when crossing roadways.
- **No Profanity.**
- **No Swinging Bats or throwing baseballs** at any time within the walkways and common areas of the Southridge Little League complex.
- **No throwing balls** against dugouts or against backstop. Catchers must be used for all batting practice sessions.
- **No throwing** rocks.
- **No skateboarding at the complex at any time.**
- **No horse play** in walkways at any time.
- **No climbing** fences.
- **No pets** are permitted at SRLL games or practices.
- **Only a player** at bat or in the on deck area may swing a bat. Be alert of area around you when swinging bat while in the on deck position.
- **Observe all posted signs.** Players and spectators should be **alert** at all times for **foul balls** and **errant throws**.
- **During game**, players must remain in the dugout area in an orderly fashion at all times.
- **After each game, each team must clean up trash** in dugout and around stands.
- **All gates to the field must remain closed** at all times. After players have entered or left the playing field, gates should be closed and secured.
  - **No children under the age of 16** are to be permitted to work in the Concession Stand Area.

### **Enforce Little League Rules**

- Enforce Little League rules including proper equipment.
- Most Little League rules have some basis in safety follow them.
- Ensure players have required equipment at all times, even catchers warming up during infield.
- Make sure coaches and managers enforce rules at practices as well as games.
- Make sure all fields have all bases that disengage from their anchors, as required starting in 2008.
- Remind managers, coaches they are not allowed to catch pitchers (Rule 3.0 ) this includes standing at backstop during practice as informal catcher for batting practice.
- 

**Failure to comply with the above may result in removal from the SRLL field or complex.**

## **CONDITIONING AND STRETCHING**

Conditioning is a very important part in the prevention of accidents. Studies have shown that stretching and contracting of muscles before an athletic event improves general control of movements, coordination and alertness. Conditioning and stretching also help develop the strength and stamina needed for the average player to compete with minimum accident exposure.

The purpose for conditioning and stretching is to improve the flexibility of various muscle groups and to prevent the tearing of the muscle due to overexertion. Never force a muscle group during stretching but rather in a gradual manner to encourage looseness and flexibility.

Areas to stretch before an athletic event: neck, back, arms, thighs, legs, and calves. Hold the stretch for at least 10 seconds.

Don't bounce while stretching

Calisthenics should also be an important part of pregame warm up. This is another way to stretch the muscle group as well as increasing the heart rate.

## **HYDRATION**

In the summer months we usually think of dehydration. It does not matter if it is January or July, children must be encouraged to drink fluids even when they do not feel thirsty. As coaches, we must remember that when children become physically active, their muscles generate heat thereby increasing their body temperature. As these temperatures rise, the cooling mechanism – sweat – kicks in. When sweat evaporates, the body is cooled. If these fluids are not replaced, children can become overheated.

Managers and coaches should schedule water breaks every 30 minutes during practices on hot days, and should encourage fluid intake between every inning.

Water is an excellent fluid, however, sports drinks and fruit juices can encourage children to drink more during events. When offering sports drinks and fruit juices, be careful of the carbohydrate level. These drinks should contain between 6 and 8 percent carbohydrates that is (15 to 18 grams per cup). If the concentrations are higher, then the sports drink or juice should be diluted with water on a 1 to 1 ratio. If drinks are high in carbohydrates, they may cause stomach cramps, nausea and diarrhea when the child becomes active. Caffeine contained in tea, coffee, and colas should also be avoided because it can dehydrate the body further.

## **WEATHER**

These are the steps to take to determine to delay or stop practice or play.

**Rain:** if it begins to rain the manager or coach should evaluate the strength and direction of the storm and evaluate the playing field as it becomes more saturated with water. If the playing conditions become unsafe, stop the practice.

**In a game situation, consult with the other coach and umpire to formulate a decision.**

**Lighting:** If you can HEAR, SEE, OR FEEL A THUNDERSTORM, SUSPEND ALL GAMES AND PRACTICES IMMEDIATELY. Stay away from metal objects.

Don't hold metal bats. Have players walk, not run, to their parent's or designated driver's car and await a decision on whether to continue play.

## **Lightning Facts and Safety Procedures**

### **Consider the following facts:**

- ❑ The average lightning stroke is 6 - 8 miles long.
- ❑ The average thunderstorm is 6 -10 miles wide and travels at a rate of 25 miles per hour.
- ❑ Once the leading edge of a thunderstorm approaches to within 10 miles, you are at immediate risk due to the possibility of lightning strokes coming from the storm's overhanging anvil cloud .
- ❑ On the average, thunder can only be heard over a distance of 3 - 4 miles, depending on humidity, terrain, and other factors. This means that by the time you hear the thunder, you are already in the risk area for lightning strikes.

### **Rule of Thumb**

The ultimate truth about lightning is that it is unpredictable and cannot be prevented. Therefore, a manager, coach, or umpire who feels threatened by an approaching storm should stop play and get the kids to safety. When in doubt, the following rule of thumb should be applied:

### **Where to Go?**

No place is absolutely safe from the lightning threat, but some places are safer than others. Large shelters (substantially constructed buildings) are the safest! For the majority of participants, the best area for them to seek shelter is in a fully enclosed metal vehicle with the windows rolled up. If you are stranded in an open area and cannot get to shelter in a car, put your feet together, crouch down, and put your hands over your ears (to try and prevent eardrum damage).

### **Where NOT to Go!!**

Avoid high places and open fields, isolated trees, unprotected gazebos, rain or picnic shelters, dugouts, flagpoles, light poles, bleachers (metal or wood), metal fences, and water.

***WHEN YOU SEE IT - FLEE IT WHEN YOU HEAR IT - CLEAR IT***

## **First Aid to a Lightning Victim**

Typically, the lightning victim exhibits similar symptoms as that of someone suffering from a heart attack. In addition to calling 911, the rescuer should consider the following:

- The first tenet of emergency care is “make no more casualties”. If the victim is in a high-risk area (open field, isolated tree, etc.) the rescuer should determine if movement from that area is necessary - lightning can and does strike the same place twice. If the rescuer is at risk, and movement of the victim is a viable option, it should be done.
- If the victim is not breathing, start mouth-to-mouth resuscitation. If it is decided to move the victim, give a few quick breaths prior to moving them.
- Determine if the victim has a pulse. If no pulse is detected, start cardiac compressions as well.

***Note: CPR should only be administered by a person knowledgeable and trained in the technique.***

## **Communicable Disease Procedures**

- 1. Bleeding must be stopped, the open wound covered, and the uniform changed if there is blood on it before the athlete may continue.**
- 2. Routinely use gloves to prevent mucous membrane exposure when contact with blood or other body fluids are anticipated (provided in first-aid kit).**
- 3. Immediately wash hands and other skin surface if contaminated with blood.**
- 4. Clean all blood contaminated surfaces and equipment.**
- 5. Managers, coaches, and volunteers with open wounds should refrain from all direct contact until the condition is resolved.**
- 6. Follow accepted guidelines in the immediate control of bleeding and disposal when handling bloody dressings, mouth guards and other articles containing body fluids.**

## **EQUIPMENT**

**The equipment manager shall inspect all equipment before the start of first practice or game. The equipment once distributed by the equipment manager to the various managers or coaches becomes the responsibility of that manager or coach. They should inspect the equipment before each game and practice. If damage is discovered, the damaged equipment is to be taken out of service and equipment manager notified. Damaged equipment is to be either fixed or destroyed to prevent future use. Many kids bring their own equipment. The manager or coach should make sure that that equipment meets all the requirements outlined in the safety manual.**

### **EQUIPMENT FACILITY**

- 1. The SROLL President shall issue keys to the equipment facility.**
- 2. Keys shall be returned to the SROLL President once someone ceases to have responsibilities for the equipment shed.**
- 3. Equipment facility shall be locked at all times.**
- 4. All individuals with keys to the equipment facility shall be aware of the responsibility for the orderly and safe storage of heavy equipment and hazardous materials.**
- 5. All chemicals located in the equipment facility shall be labeled and stored in its original container if available.**
- 6. Any loose chemicals within the equipment facility shall be cleaned and disposed of to prevent accidental poisoning.**
- 7. Dispose of outdated products as recommended by the manufacturer.**
- 8. Use chemicals only in well-ventilated areas.**
- 9. Wear proper protective clothing when handling toxic substances.**

### **MACHINERY**

**Golf carts and other heavy machinery will:**

- 1. Be operated by appointed staff only.**
- 2. Never operated under the influence of alcohol or drugs.**
- 3. Not to be operated by person under the age of 16.**
- 4. Never operated in a careless and reckless manner.**
- 5. Never be operated or ridden in a precarious or dangerous way.**

## **SNACK BAR SAFETY**

**No one under the age of 14 behind concession stand counter.**

**Food covered at all times and fans on to prevent insects from resting on food.**

**Inspect cooking equipment before use and report damage to the Head of Concessions.**

**Cooking grease will be stored safely in containers away from open flames.**

**Cleaning chemicals must be stored in a locked cabinet.**

**Certified fire extinguisher suitable for grease fires must be placed in plain sight at all times.**

**All concession stand workers are to be instructed on the use of fire extinguishers.**

**All concession stand workers are to be aware of the location of the first aid kit located in the concession stand.**

**Utensils washed and put away at the end of the days games.**

**Concession stand workers must wash hands each time to the rest room and after handling foreign objects.**

**No one under the age of 14 behind concession stand counter.**

**Food covered at all times and fans on to prevent insects from resting on food.**

**Inspect cooking equipment before use and report damage to the Head of Concessions.**

**1. Cooking grease will be stored safely in containers away from open flames.**

**2. Cleaning chemicals must be stored in a locked cabinet.**

**3. Certified fire extinguisher suitable for grease fires must be placed in plain sight at all times.**

**4. All concession stand workers are to be instructed on the use of fire extinguishers.**

**5. All concession stand workers are to be aware of the location of the first aid kit located in the concession stand.**

**6. Utensils washed and put away at the end of the days games.**

**Concession stand workers must wash hands each time to the rest room and after handling foreign objects.**

## **SAFETY PRELIMINARIES**

All managers, and/or coaches and/or umpires are required to walk the entire field to identify any safety hazards and ensure that the field is safe prior to use for games or practices. Any hazards should be eliminated prior to start of play and reported to the safety officer within 24 hours.

## **REPORTING ACCIDENTS**

All accidents and injuries shall be reported to the league safety officer within 24 hours. After notification the safety officer will notify the SRTL President in which all information will be recorded and the proper forms completed and mailed to the insurance representative. If the safety officer is unavailable, the SRTL President is to be notified of the accident or injury. If the SRTL President or safety officer cannot be located on the facility grounds, any board member can be notified of the accident or injury (see list located on page (2) in this Safety Plan manual.

## **ACCIDENT REPORTING PROCEDURES**

**What to report** - An incident that causes any player, manager, coach, umpire, or volunteer to receive medical treatment and/or first aid must be reported to the Safety Officer. This includes even passive treatments such as the evaluation and diagnosis of the extent of the injury or periods of rest.

**When to report** - All such incidents described above must be reported to the Safety coordinator *within 48 hours* of the incident. The safety coordinator for SRTL Sandra Quintero

## SOUTHRIDGE LITTLE LEAGUE

### **POLICY STATEMENT BACKGROUND CHECKS**

Little League International has established criteria for each chartered league's performance of an investigation into the background of all individuals who volunteer in any capacity. Each volunteer will be required to complete a volunteer application form and provide a copy of their photo identification. The minimum requirement for these background investigations is verification that volunteers are not registered sex offenders. In order to provide additional protection to the children of Southridge Little League, we will submit a list of all volunteers to LexisNexis.com. A background investigation that will list any convictions nationwide will be completed. Upon clearance of individual background investigations, each volunteer will be issued an identification badge, which must be worn when volunteering for Southridge Little League.

### **POLICY STATEMENT VOLUNTEER ID BADGES**

Southridge Little League requires ID Badges for Volunteers.

Individuals required to wear ID Badges include all league volunteers and those who come in contact with the players. Managers, Coaches, Team Parents, League Volunteers and any other individual that come in contact with the players.

Individuals must wear the ID Badge and display it face up at all times at games and practices. Individuals must present and/or surrender it to the SRLI board of directors upon request.

In the event that the SRLI volunteer forgets his/her badge they will **NOT** be allowed on the field or around the SRLI players. There are no exceptions to this. It is the manager's responsibility to make sure that all team volunteers wear the league issued ID badge prior to coming in contact with the players.

ID Badges will be issued for each season of play.

**In the event that an individual is on the field or in the dugout with the players and does not have the league issued ID badge it will result in but not limited to the suspension of the team's manager.**

### **REASON FOR POLICIES**

It is very hard to keep track of all our volunteers. By issuing the ID badges it identifies all league members who have gone through the background check set forth by Little League International.

# Little League® Volunteer Application - 2020

Do not use forms from past years. Use extra paper to complete if additional space is required.

This volunteer application should only be used if a league is manually entering information into JDP or an outside background check provider that meet the standards of Little League Regulations 1(c)9. THIS FORM SHOULD NOT BE COMPLETED IF A LEAGUE IS UTILIZING THE JDP QUICKAPP. Visit [LittleLeague.org/localBGcheck](http://LittleLeague.org/localBGcheck) for more information.

A COPY OF VALID GOVERNMENT ISSUED PHOTO IDENTIFICATION MUST BE ATTACHED TO COMPLETE THIS APPLICATION.

Background check completed by league officer \_\_\_\_\_ on \_\_\_\_\_

System(s) used for background check (minimum of one must be checked):  
Regulation 1(c)9 Mandates all checks include criminal records and sex offender registry records

\* JDP  Sex Offender Registry Data and National Criminal Records check, as mandated in the current season's official regulations

\*Please be advised that if you use JDP and there is a name match in the few states where only name match searches can be performed you should notify volunteers that they will receive a letter or email directly from JDP in compliance with the Fair Credit Reporting Act containing information regarding all the criminal records associated with the name, which may not necessarily be the league volunteer.

Only attach to this application copies of background check reports that reveal convictions of this application.

Last Updated: 10/10/2019

Remember! Safety is everyone's job! Prevention is the key to reducing accidents to a minimum. Report all hazardous conditions to the Director of Safety or another Board of Director immediately. Don't play on a field that is not safe or with unsafe playing equipment. Be sure your players are fully equipped at all times, especially catchers and batters. And, check your team's equipment often.

When in doubt check it out!
