

## AVON JUNIOR ATHLETIC ASSOCIATION

### **Leslie Mallory**

Leslie resides in Avon with her husband, Andrew, and two energetic boys. Leslie joined the board of AJAA in 2018. She looks forward to helping the organization continue to provide high-quality athletic programming and instruction.

Leslie's eight year-old son Jack has participated in AJAA sports for three years, playing basketball, baseball, and both flag and tackle football. Four year-old Charlie will be getting into the mix for the first time this spring, playing tee ball. Her husband Andrew has been involved as a coach for tackle football as well. Leslie enjoys watching her boys compete and learn about

sportsmanship and teamwork. She appreciates the broad selection of programs offered by AJAA, as well as the sense of community the organization provides.

When they're not on the field or court, the Mallory's enjoy going to sporting events, the beach, or just grilling out with friends and family.

Leslie has spent the last nine years at Eskenazi Health, most recently in the role of Reimbursement Manager.
