

AVON JUNIOR ATHLETIC ASSOCIATION

Luke Asleson

Luke Asleson lives in Avon with his wife Melanie and their four children: Aiden (11), Miles (8), Hunter (6), and Chase (4). Luke and Melanie came down from Minnesota in 2004 and have been a part of the Avon community for the past 14 years. While growing up in Minnesota, Luke played golf, football, baseball, basketball, and ran track.

Luke has been involved with AJAA Sports at the recreational and club levels for the past five years. His sons have participated in AJAA Flag and Tackle Football, AJAA Rec Baseball and Basketball, ABC Travel Baseball, and AYBC

Travel Basketball. Luke has also contributed as a volunteer coach at the Head and Assistant levels. He feels that sports are a good way for youth to build work ethic, teamwork, social skills, friendships and sportsmanship at an early age that will continue to help them throughout the rest of their life.

In his free time, he enjoys playing sports with his boys, woodworking, maintaining their yard, and teaching/coaching new skills to people. He and his sons are also building a replica 1965 Daytona Coupe.

Luke works as a Mechanical Engineer at Eli Lilly and Company for the past 14 years. Over the past decade, Luke has worked globally on developing, testing, and manufacturing personal Lilly injection devices which individuals use to self-administer their Lilly products such as Insulin. He has his Professional Engineering License from the State of Indiana and serves on the Rose-Hulman Institute of Technology Mechanical Engineering Board of Advisors.
