

AVON JUNIOR ATHLETIC ASSOCIATION

Deena Albin

I joined the AJAA team in June of 2015. I'm extremely excited to be a part of this growing organization. Avon is very near and dear to my heart as I've lived here most of my life. I'm an Avon grad and my husband Dave and I have raised our girls here. We have Dania and Delaney who have always been active in sports. Dania has played basketball for AJAA, middle school and High School. She is also a golfer and has been golfing since she was 3, and graduates from Purdue University a semester early in December 2019. Delaney has been dancing since she was 3, and has played basketball and volleyball for AJAA. I serve on several committees within the Avon School

District and volunteer as much as I can. My husband and I have raised our girls involving them in various sports, as we believe athletics teaches so many life skills: teamwork, perseverance, self-confidence and drive just to name a few. I played softball, basketball, cheerleading and did some race car driving when I was younger. It's fun to see my girls now participate in sports just as I did growing up, and I appreciate the friendships made with other parents.

Professional Background

I have a very diverse background as I went to school for Hotel/Restaurant/Institutional Management and then ended up in the Dental Field working for Patterson Dental Supply for 6 years. I then spent 9 years at Angie's List and helped start several different departments in a leadership role. My passion is family, community and kids!
