

2011 Parent Meeting - Questions

1. What are the practice days and times?

In the next week we plan to confirm all practice days/times/locations for the entire Fall season

2. Is there a tournament over Labor Day?

No. The event that was listed in an older version of our welcome packet no longer takes place so that weekend is now open

3. What are the approximate additional per player fees for tournaments, indoor training, etc.?

Tournament fees are divided equally amongst the roster of players that take part. With enough notice of your player missing, we will not add the charge to your account. Inside of 6 weeks before the tournament all players are liable for their portion of the fee

4. What are the dates and location of the Oct CSA tournament?

October 4,5,6 is the CSA Cup weekend. Traditionally, the tournament is split across 2 sites. Stenger and Gates (Dove Valley). We won't know who is where until the schedule is published

5. Will the schedule info, games, practices, tournaments, etc. be on Teamsnap?

Yes. All events, practices and games will be entered into the app

6. What is the policy when a kid is sick or misses a practice/game?

We just ask that you communicate with us about their absence

7. Do the players play in indoor leagues in the winter?

Yes. Traditionally, indoor teams are formed by whomever is available to play and often coached by a parent who is willing to manage subs.

8. What are the jersey #s?

Your acceptance email contained the information for contacting Ian Richards for your assigned number, please email Ian if you don't yet have your number

9. Is there specific Goalkeeper training during the year?

We are working to have our Goalkeeping Director, Brent McGee, attend some Academy sessions throughout the season to give players who are interested access to some basic techniques

10. Will my child be punished if he/she is late or misses practice due to a parent issue/schedule conflict?

No. Just let us know they will miss

11. What can the expected game minutes be for my child?

50% of the game time, every game

12. How many pools were formed in each gender at the 9U (2011) age group?

2 pools in each. The exact pool your player is placed in will be confirmed once we have had 2 weeks of practice and is a fluid placement based on performance. Movement up or down from one pool to another is a possibility based on the player's successes/struggles as the season develops. Any movement will be communicated ahead of time in a meeting with the player and parents
