

EQUIPMENT COSTS AND AGREEMENT

Pleasant Youth Football

Purpose: To inform parents and/or guardians of the following:

- **The cost of the equipment loaned to players for the season;**
- **Their responsibility to make sure it is returned; and**
- **That they will be held financially responsible if it is not.**

The Pleasant Youth Football program loans the equipment necessary for your child(ren) to participate for the current season. This equipment includes a game jersey, helmet, shoulder pads, football pants and equipment bag. Sometimes, a practice jersey or rib pads are provided. A mouthpiece is normally provided, also.

All of the listed items are required to be returned at the end of the season if provided, except for the mouthpiece. An opportunity may be provided for you to buy your son's game jersey at the end of the year. Arrangements should be made with Coach Shaffer and the cost must be paid prior to the equipment turn-in.

Approximate equipment replacement costs:

Game jersey - \$50

Helmet - \$125

Shoulder pads - \$50

Football pants - \$35

Equipment bag - \$30

Practice jersey - \$15

Rib pads - \$15

The Pleasant Booster Club plays an integral part in Pleasant athletics, particularly in high school, along with offering scholarships. Open balances and/or unreturned equipment may disqualify you for any scholarship opportunities available from them.

By signing below, I understand that as parent or guardian registering my child(ren), if I fail to return any of the equipment loaned to my child(ren) for the current season, I will be held financially responsible for the cost of any equipment not returned.
