- A player will be deemed to attend school in the boundaries if: The physical location of the school where they attend classes is within the boundaries established by the local league. Note: This excludes home schools, cyber schools, sports-related schools, sports academies, or preschool or after school where a student participates outside of the primary school the player is enrolled.

“School attendance” refers to the (place) physical location the player in question attends school during the traditional academic year. Once established, a location of school attendance shall not be considered changed unless the child is enrolled and attends another school or is no longer enrolled in the previous school.

School attendance shall be established and supported by a document indicating enrollment for the current academic year, dated prior to October 1 of the current year and with the physical location of the school, from ONE of the following categories to determine school attendance by such player:

- Official/Certified School enrollment record
- The Little League-issued school attendance form completed by the principal, assistant principal or administrator

It is recommended that the league require some proof of residence or school attendance within the league's boundaries at the time the player registers. Players and their

parents/guardians are advised that a false statement of residence or school attendance may lead to ineligibility to play Little League Baseball or Softball.
