A pitcher who delivers 41 or more pitches in a game cannot play the position of catcher for the remainder of the day.						
Any player who has played the position of catcher in four (4) or more innings in a game is not eligible to pitch on that calendar day. <i>[A.R. - A catcher receiving one (1) pitch to a batter in the fourth inning constitutes having caught four (4) innings. Warm up pitches do not count.]</i>						
A pitcher once removed from the mound cannot return as a pitcher. Intermediate (50/70), Junior and Senior League Divisions only: A pitcher remaining in the game, but moving to a different position, can return as a pitcher anytime in the remainder of the game, but only once per game.						
If a pitcher reaches a day(s) of rest threshold while facing a batter, the pitcher may continue to pitch until any one of the following conditions occurs: (1) that batter reaches base; (2) that batter is retired; or (3) the third out is made to complete the half-inning or the game. The pitcher will only be required to observe the calendar day(s) of rest for the threshold he/she reached during that at-bat, provided that pitcher is removed or the game is completed before delivering a pitch to another batter."						
Minor League, Majors, and Intermediate (50/70) Division - A player may not pitch in more than one (1) game in a day; Junior League and Senior League - A player may be used as a pitcher in up to two (2) games in a day. (Exceptions: If the player pitched 31 or more pitches in the first game, that player may not pitch in the second game on that day)
