

FACILITY MAINTENANCE

We have attempted to provide each of your children and players with an improved quality playing surface.

Please take responsibility and care of them.

We've removed director duties, fundraising and umpiring so that beside player instruction, field upkeep can be a priority for each manager and team family...both on and around the fields. We do not have paid field or clean-up crews.

- **FIELD PREP** - Each team will be responsible for "mat" or "broom" dragging field at the conclusion of each game. Use rakes to pull dirt from around bases. If there is a game following yours, please do not rake or drag the chalk lines.
- **PLEASE DO NOT DRAG DIRT INTO GRASS AREAS**
- **ROCKS** - Until they are gone at Broughton fields and big field at Hewitt, please schedule a brief walk through of infield for 5 minutes with your team to pick up rocks prior to each game.
- **FENCES** – There should be no soft toss or drills where hitting or throwing against fences is involved. Please encourage players, siblings or anyone else you see not to climb or stand on fences, etc.
- **TRASH** - Each team should be responsible for picking up their own trash in both DUGOUTS and around BLEACHER AREA after each game.
- **WARM UP** – Please warm up teams only in the designated warm up area at each complex, at a practice field prior to the game or on the field prior to game. Do not allow players to play catch in the direction of the neighboring house at Broughton. Warming up in common or fan areas should be avoided.

THANK YOU! YOUR HELP IS NEEDED AND APPRECIATED
