

MIRA MESA LITTLE LEAGUE'S BIG SISTER/LITTLE SISTER PROGRAM

Mira Mesa Girls Softball Big Sister/ Little Sister Program is a mentoring program the League is sponsoring to promote MMGS' mission in providing our players a safe and

competitive environment to learn hard work, dedication and community involvement through softball. The MMGS Big Sisters are players in either the 10U or 12U division that have volunteered to mentor a player from either the Tball or 8U division during the current Spring Season. The League's Little Sisters will be supported and encouraged by their Big Sister.

Competing in USAA Softball is a wonderful opportunity for our local Mira Mesa players to not only learn life lessons such as dedication and team work, but it also provides a fun opportunity for play, competition, and also to form life long friendships with our fellow softball sisters. By being part of the League's Big Sister Little Sister Program, your player will be benefiting from a close relationship with another player outside of their division and growing not only as a player, but as a person well! And because we know navigating girls softball in the early years can seem a little overwhelming, the Big Sisters and their families will be a great resource for their Little Sisters and their families while getting acquainted with the League, our Division, and getting prepared for playing softball.

Finally, once per month, there will be an event specifically for our Big Sisters and Little Sisters to attend. Our initial event will be the Mira Mesa Girls Softball First Annual Softball Sisters Movie in the Park Night in February. Events are planned for March, April and May. So don't delay and contact MMGS' Special Events Planner (mmgsspecialevents@gmail.com) or Parent Representative (mmgsparentrep@gmail.com) today to sign up!
