

A Smart, Turnkey Compliance Solution:

Freeing you to focus on training great athletes

What is SportGait Club?

Our Club offer is a smart suite designed to take care of all your compliance requirements, connected to medical practitioners and supported by the most advanced brain wellness technology available.

All states need to comply with protocols to reduce the incidence and prevent concussions among athletes. These are strict processes that can take increasing amounts of management time away from training great athletes. SportGait Club uses the latest technology to manage five steps flawlessly.

| Educate and Validate | Clear to Play | Recognize and Remove | Medical Professional Evaluation | Certified Return to Play |
|---|---|---|---|---|
| <ul style="list-style-type: none"> • Provide required education documents • Confirm document review and signatures • Offer quick links to regulatory bodies • Comply with concussion laws | <ul style="list-style-type: none"> • Know which Athletes are compliant and medically cleared to play • Ensure ALL parents, athletes and coaching staff download the free SportGait Mobile app | <ul style="list-style-type: none"> • Use CDC Symptom checker for concussive events • Quickly determine if the Athlete needs to be taken to an emergency room • Locate SportGait enabled medical facility or nearby urgent care | <ul style="list-style-type: none"> • Follow Berlin/ Zurich Best Practices guidelines for concussions • Highly access to results that are highly sensitive and repeatable long after incident occurrence | <ul style="list-style-type: none"> • Connect all medical data regardless of location of prior exams • Audit Athlete eligibility • Automate your medical provider clearance for Safe Return to Play |

SportGait Brain Physical:

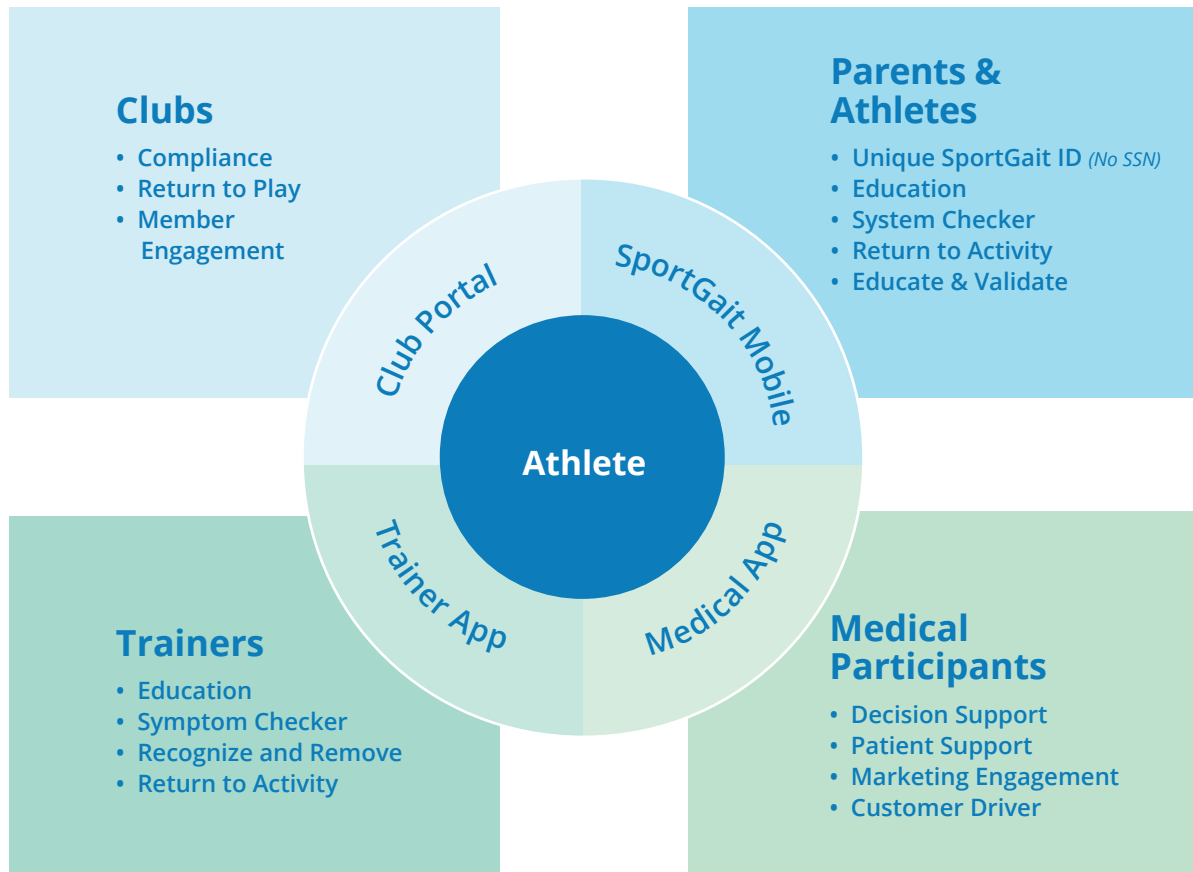

At the center of our offer is the latest technology for the most accurate monitoring. We combine best of breed neurocognitive and neurobehavioral assessments to the medical community supporting clinical decisions. The SportGait Brain Physical is administered by a medical professional and is the hub for the entirety of our concussion management system.

Within the United States close to 45 million youth between the ages of 6 and 18 participate in some form of organized sport.*
