**EXCEPTION:** If a pitcher reaches a day(s) of rest threshold while facing a batter, the pitcher may continue to pitch until that batter reaches base; or that batter is retired or the third out is made to complete the half-inning. The pitcher will only be required to observe the calendar day(s) of rest for the threshold he/she reached during that at-bat, provided that pitcher is removed before delivering a pitch to another batter.

**EXCEPTION:** If a pitcher reaches the Max # of pitches for his/her league age while facing a batter, the pitcher may continue to pitch until the batter reaches base, is put out, or the half inning ends.

A player who pitches 41 or more pitches in a game may not play catcher for the remainder of that day.

A player who catches in four or more innings in a game may not pitch for the remainder of that day.

A player who played the position of catcher for three (3) innings or less, moves to the pitcher position, and delivers 21 pitches or more (15- and 16-year-olds: 31 pitches or more) in the same day, may not return to the catcher position on that calendar day.

Minor and Major players may NOT pitch in more than ONE game in a Day.

\* "Threshold used for Days Rest": Per the EXCEPTION above, if a pitcher reached a Days of Rest Threshold he/she can continue to pitch to that batter can only be charged the Days Rest for that threshold. As shown in the "Example", the pitcher reached 65 pitches and continued pitching to that batter and ended up throwing 67 pitches, BUT, days rest is based on the 65 pitch threshold (3 days) not the > 65 pitches threshold (4 days).
