

## Reflecting on the 2006 State Championship by Tony Arcovitch, Essex Chargers 7/8 Head Coach

As I am getting ready for the 2019 season, I am reflecting on years past.

This picture was when the Essex Chargers won the championship in 2006. It is with my captains.

Next to me is Adam Picard, he broke his arm near the end of the game. He would not go to the hospital until after the game was over.

Holding the trophy is Jay McCormack. He was our realtor when we bought our house. He works for Remax/Gardner and Gardner realty. It is owned by Rich Gardner who I coached and give a trophy each year in his name.

Next is Max Librizzi who was the QB when Essex High School won their last high school state championship.

Last is Pete Shaw. I also coached 3 of his brothers.

All 4 in the photo played on the last EHS state champs. They are all very successful in their adult lives.
