

Covid19 Precautions in place

Max capacity of the A2 facility is 72 total people, based off of the Governor's most recent guidance.

DYA groups will be broken into different time frames, so we will not come close to the max capacity

- A2 will have additional kids in the building for other programs and will maintain a compliant count at all times.
- Parents will not be able to attend practice and depending on the number of registrants, attending games may be questionable. If parents can attend games, it would be limited per family, to ensure everyone has a chance to watch.

Kids will not enter the building prior to 5 minutes before practice or game time

- There is no gathering in the common areas of A2 in groups.
- Kids enter through the front door and exit out the back - parents to use caution in the parking lots.
- Kids should arrive ready to go, please do not change in the facility, even shoes.
- Water fountain is covered and not available. Kids must provide their own water bottles. (Emergency water and ice is on hand for injuries)

Masks are to be worn on the way in and on the way out of the facility.

- **Players do not have to practice or play with them on.**
- **Parents and DYA volunteer coaches must wear them at all times.**

Upon entering A2:

Everyone entering will have temps taken at the door and asked if they are feeling well today.

- If you have a fever or indicate that you are feeling sick, you will not be admitted.
- List of proper DYA and A2 Covid waivers will be checked at the door, those who do not have the correct forms will not be admitted.
- Participants and DYA Coaches will be checked in and their temps will be recorded

Parents should check the health of their child at home before coming to A2 and stay home if they are sick.

If anyone develops symptoms while playing in the facility, they will immediately be isolated and all the parents will be notified

During games:

- Players waiting on the sidelines to go in must wear masks and keep socially distanced.
- They will take off their mask when they go in. Kids coming off the court must immediately put their mask on.
- On substitutions and on the court, players are not to high-5 or bump elbows.
- If a coach calls a time-out and/or immediately following the end of the set, all players must put their masks on while on the sideline
- Parents/Immediate family must be appropriately spaced on the sidelines with social distance requirements, we will try to have designated spacing outlined.

DYA Parent Coaches are expected to understand the program's health requirements outlines and assist in the compliance of social distancing, wearing masks, and all other precautions.

- A2 volleyballs will be used for the program.
- Balls will be cleaned after each group, using the proper recommended methods.
- DYA will provide score flip charts and electronic whistles for the officials.
- Items will be cleaned prior to each use.
- Items will be maintained by DYA and brought to the games on Saturday's.
