

MSI Recreational SOCCER Request for Exemption for Player to Play Up Two Years

Players are permitted to play up one age group without requesting formal permission from MSI.
Players requesting to play up more than one year must use this form to request an exemption to do so.

I request an exemption that my son/daughter identified above be permitted to play on the following MSI recreational team:

Coach's Name: _____

Grade/Gender: _____

Although my son/daughter currently qualifies to play ____ grade recreational soccer (insert appropriate group based upon the child's grade in school), I request that MSI permit my son/daughter to play up on the ____ grade recreational soccer team listed above (insert the age group in which the team plans to participate). I understand that this team plays in an age group that is more than one year from the age group to which my child presently qualifies. I further understand that soccer is a physical sport and that there is the possibility of physical injury associated with it, and that these risks may increase because of the physical and emotional differences between the players who participate in the age group I am requesting that my child play in, and the players who participate in the age group to which my child currently qualifies. Regardless, I request an exemption from MSI's policies and rules that prohibit players from playing up two years, and that MSI permit my child to play on the team identified above.
