

## Outdoor Crew

- Weed in the front of the building
- Use push mowers and string trimmers along the building and fences. Move goals and push mow underneath them, then replace goals and sandbags. Do not worry about the 4 v 4 fields due to the 4 v4 league going on during your volunteer time. They will be done at another date.
- Inspect goal nets and reattach to the posts where needed
- Empty garbage cans on the outside of the building and front lobby (other cans are part of other volunteer duties.)
