

Welcome to Columbia Soccer Club

Guidelines for Pre-K and K soccer at CSC: Remember we want these games to have high scoring. We hope every player on the field will score. Don't focus on position as much as the basic skills of dribbling, passing, and shooting. Coach players to dribble around groups by changing the direction of the ball. Discourage players who want to just kick the ball hard or far. Relay races and games that encourage dribbling and passing in practices are highly recommended for players to get touches and stay engaged. Our ultimate goal is having players who enjoy playing soccer for years to come.
