

To All Recreation Program Participants,

Thank you all for participating in our Recreation Programs this Winter. Our programs are designed to provide a safe opportunity for residents to stay active with their friends and classmates this winter.

We wanted to remind everyone that we prioritize the importance of proper health and safety precautions involving indoor group gatherings for all programming. We strictly follow all guidelines established by the State of Massachusetts in order to ensure the safety of our participants and their families.

We ask that all participants please consider the following for the health and safety of all our participants:

- If displaying symptoms do NOT attend
- If you test positive or feel you have been exposed, we ask that you quarantine for the recommended amount of time by the State
- If you feel you may have exposed any participants or staff in a recreation program we ask that you notify the Rec Dept. immediately

We thank you all for participating in our programs and are looking forward to a fun and safe Winter!
