

LETTER FROM THE PRESIDENT

Dear Parents, Coaches and Players,

In a very short time, we have all had to come to grips with the unprecedented global health crisis caused by the COVID-19 pandemic and its implications for virtually every aspect of our lives. As we work to combat the spread of this virus, we all feel the same kinds of anxieties and fears.

Our top priority is keeping our players, coaches, parents, and staff safe, continuing to provide recreational soccer in the St Charles County area, and fulfilling SCCYSA's mission of service to the broader community.

Throughout this evolving process, we have worked closely with public health officials to take the most appropriate actions for the SCCYSA community. For helpful information: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>

We have suspended soccer activities through April 5th. We will continue to monitor what the CDC, local Government officials, local schools and experts are recommending. Once it is safe and responsible to restart training and games, we will do so expeditiously.

Take care of your community by taking care of yourself: wash your hands often, avoid crowds and large gatherings, and observe social distancing wherever possible. Take care of your mental health and seek out support if needed.

Embedded in SCCYSA's mission and values is a commitment to the community. We will do whatever is necessary to honor that commitment. We will get through these trying times together. For now, family, health and community are our number one priority. We value the support of our SCCYSA community and wish you all the best.

Sincerely,

Thomas G. White
President of The Board of Directors
St. Charles County Youth Soccer Association
