

STAFFORD SOCCER TRAVEL PROGRAM INFORMATION

We, as a club, are always looking to improve the experience for the Players, Coaches, and the Parents.

Our Primary Focus is:

- Teach the players the fundamentals, and provide a fun yet competitive learning environment
- Educate the coaches – continued education, and higher licensure opportunities provided to our Coaches
- **U9 to U10 – we are focused on technical skill development, and decision making**
- U11 to U14 - we are focused on player development
- U15 to U19 - we are looking to develop well-adjusted Players. They must start to have the correct attitude during practice and games to achieve success.

Our program functions in **a Club environment**, not as individual teams.

1. A club curriculum has been implemented to maximize development of a **complete** player!
2. It is important from the tryouts that players are placed on teams that will help **their development**.
3. Tournaments will be selected to maximize the balance between challenging the players and achieving success.
4. It is important that we as a Club set the correct example of sportsmanship, and high character, on and off the field.

Items to note:

- All Coaches are contracted to the Club and paid by the Club
- All players will have a fee that is payable to Stafford Soccer that covers the items detailed below
- Travel is a YEARLONG commitment, beginning in the Fall and extending to the end of the Spring season.

Annual Schedule of Events (U9-U10)
