
Local Rules - Baseball (Filly, Shetland, Pinto, Mustang, Bronco, Pony, Colt)

1. Division Team Composition

- a) Division assignment is determined by the player's age prior to September 1 of the playing year.
 - Players 4 to 6 years of age - Filly (T-Ball)
 - Players 5 to 6 years of age – Shetland
 - Players 7 to 8 years of age – Pinto Machine-Pitch
 - Players 7 to 8 years of age – Pinto Kid-Pitch (*7 year olds can tryout for kid-pitch*)
 - Players 9 to 10 years of age – Mustang
 - Players 11 to 12 years of age – Bronco
 - Players 13 to 14 years of age – Pony
 - Players 15 to 16 years of age – Colt
 - Players 17 to 19 years of age - Palomino

- b) For Fall Ball Season Only, players in the senior year of their age bracket are recommended to play up to the next age bracket. This is to prepare the player for the division in which they will be required to play in during the next Spring Season. However, players can still play in the same (lower) age division as long as their next birthday is on or after January 1 of the following year.

2. Playing in an Older Division

- a) Menifee Pony allows a player to move up one age division if that player is within one year of playing at that level. Example: Boy at age 6 as of May 1st can play up to the Pinto division, which is for 7 and 8 year old's. Any players requesting to play up in an older division MUST attend Player Assessment for both the division they want to play in and the division they are of correct age for. Example: Boy age 8 wanting to play in Mustang Division (which is for 9 and 10 year old's) must attend Player Assessments for both Pinto and Mustang Divisions. If the player is unable to attend the Assessment, they will automatically be placed in their correct division. Division Director of either division involved must also be contacted at least three days in advance of leagues first Player Assessment date.

3. Playing in a Younger Division

- a) As a general practice playing in a younger division will not be allowed. However, under special circumstances the Executive Board may approve playing down to a younger division. This would typically only be allowed for safety reasons or to accommodate a player that does not have a division to play in. Any player, who wishes to move down to a younger division, can only be one year older than the division they want to play in.

- b) If a player decides to play down to a younger division and the request is approved, they will not be eligible for All Star play in the younger division or the division they are playing down from.

Local Rules - Baseball (Filly, Shetland, Pinto, Mustang, Bronco, Pony, Colt)

- c) Any players requesting to play in a younger division must attend the assessment for the division they would like to play in (e.g., a 11 year old desiring to play in the Mustang division must attend the Mustang assessments). The child will be evaluated during the assessment. If the player is unable to attend the assessment, they will automatically be placed in their correct division. Advanced players will not be allowed to play down to a younger division.

4. Minimum Play Rules for Filly, Shetland, Pinto, Mustang, Bronco, Pony

- a) Player rotation is highly important in our league. Managers are instructed and encouraged to rotate players between infield and outfield to the furthest extent possible. This aspect of player development is especially important in the lower divisions where we are trying to build up players. It is acknowledged that some children are unprepared to protect themselves at various defensive positions (i.e. pitcher, first base) and our utmost concern must be safety and doing our best to make sure no child gets hurt. The manager should use their best judgment in placing players in defensive positions.
- b) All Shetland and Pinto Machine-Pitch players must play at least one full inning of infield in each game. Exceptions may be made for player safety reasons but must be approved in-advance by Division Director, President or Vice-President.
- c) A team with 11 or more available players will be required to sit no player more than two innings, and a team with 10 or less available players will be required to sit no player more than one inning in an official six or seven inning game and they cannot be consecutive innings. If the game is forced into extra innings then *no player can sit out two consecutive innings* will be in effect. **Note: for the purpose of this rule, if a player sits any part of an inning it counts the same as having sat the entire inning.**
- d) No player shall sit out two consecutive innings. **Note: for the purpose of this rule, if a player sits any part of an inning it counts the same as having sat the entire inning.**
- e) No player shall sit a second inning until all players have sat one complete inning (does not apply to Bronco or Pony Divisions). **Note: Any player who enters the game from the bench in the middle of an inning would not have met the requirements (sitting a “complete inning”) of this rule.**
- f) Teams must annotate their own bench-players in their scorebooks to ensure that these rules are followed.
- g) A manager in violation of the minimum play time (including the Shetland infield-play rule) may be subject to immediate disciplinary action from the league and be subject to the following penalty:
- The manager may be ejected by Division Director, President or Vice-President for the rest of the game in which violation occurred.
 - The manager is suspended from the next scheduled game and/or games.
 - The player impacted by the violation of the ruling shall play, in its entirety, the next two games
 - The Board of Directors may further sanction repeat offenders.

Local Rules - Baseball (Filly, Shetland, Pinto, Mustang, Bronco, Pony, Colt)

- h) The manager has the authority prior to a game to decrease a player’s playing time if he or she feels that it is warranted for disciplinary reasons. The manager must contact their Division Director prior to limiting a player’s time and explain the circumstances. In instances which may occur during a game, the umpire and opposing manager shall be informed immediately and the Division Director shall be notified in writing within 24 hours to explain the circumstances. Without Division Director approval a players playing time cannot be reduced by more than a single inning. During playoffs playing time can be reduced only with Division Directors approval. President or Vice-President can also approve managers requests when division director can't be immediately reached.
- i) A manager must notify the umpire and opposing manager if one of their players sits out two consecutive innings for any reason.
- j) Minimum play rules may change for the end of season tournament. Refer to end of season tournament section in the sections below.

5. Pitch Count Pitch Smart Rules (for all pitching divisions)

- a) Menifee Pony Baseball has adopted a pitching guide in accordance with Pitch Smart Pitch Count Rules. This shall be in effect for the following age groups:

- Rest is calculated as per calendar day.
- No pitcher shall appear in a game as a pitcher for three consecutive calendar days, regardless of pitch count.
- Pitchers reaching their maximum number of pitches in a day while pitching to a batter, may finish pitching to that batter before being removed.
- Managers in violation of violation of altering their players pitch count may be suspended from future games depending on the severity of the pitch count alteration.

Local Rules - Baseball (Filly, Shetland, Pinto, Mustang, Bronco, Pony, Colt)

6. General Regular Season Rules for All Divisions

- a) The rules of play shall be applied in the following order of priority:
 - 1) Menifee PONY Local Rules
 - 2) National PONY Rules
 - 3) Official Rules of Major League Baseball
- b) Teams shall be scheduled an amount of games the Board of Directors deems appropriate for the division they are in. Makeup games shall be at the leagues discretion.
- c) All teams shall bat the entire roster every game and employ free substitutions subject to the minimum play rules defined in this document. Exception: The pitcher may not return to pitch once removed from the pitching mound.
- d) Courtesy runners, for a player injured while in the process of running the bases, shall be allowed and can occur only once during the game for such player. The courtesy runner shall be the last official recorded out in the scorebook. Players injured unrelated to the game being played are not eligible for a courtesy runner and must run the bases (i.e. prior skateboard or bicycle accident).
- e) The ensuing catcher or ensuing pitcher (only if needing to change from metal cleats to pitch on a portable mound) may be substituted with a courtesy runner with two outs in the inning. The courtesy runner must be the player who made the last out. In situations where there will be no other inning (the possibility of extra-innings does not count), the courtesy runner cannot be used. The ensuing pitcher and ensuing catcher are defined as those players fielding that position in the **NEXT** half inning. Managers, in violation of manipulating this rule, may be ejected from the game and may be subject to further suspension from the league.
- f) For a game to be considered complete, a minimum of 3 (2 in Shetland) innings must have been played. *Note: for the purposes of this rule, in the case of a game being stopped during an inning, that inning can be considered "complete" if the home team is ahead at the time it was stopped.*
- g) In the case of a game being stopped during an inning, if the home team is ahead at that time, the game is considered complete and official score shall be the score at the time the game is stopped (as long as minimum innings requirement has been met). If the home team was not ahead at the time the game was stopped, score will revert back to the last completed inning.
- h) Extra innings are allowed if necessary but cannot exceed the games time limit.
- i) A regular-season game can end in a tie.
- j) The official starting line-up shall include, at a minimum, the players number and first and/or last name. This line-up card (batting order) shall be given to the opposing team's scorekeeper prior to the start of the game. Changes to the line-up can be made prior to official start time as determined by the umpire. Once the game has started the line-up cannot be modified, except to add players that show up late.

Local Rules - Baseball (Filly, Shetland, Pinto, Mustang, Bronco, Pony, Colt)

- k) It is recommended that any player, not present for the start of the game, be left off the official line-up to avoid the possible one out penalty. A player placed in the official line-up and who misses their first at bat, will be considered an automatic out for their first plate appearance. The missing player will then be scratched from the line-up and may be placed at the end of the line-up card if they show up later in the game. Any player who shows up late will be placed at the end of the line-up card.
- l) Any player who is unable to complete an at-bat, or is unable for any reason to take their at bat, shall be an out. If this player left the game (due to injury, illness, appointment, etc), he is officially removed from the game and subsequent at-bats will be skipped without penalty. If this player intended to return (went to bathroom, for instance) he will have only have been an out for that at-bat he missed.
- m) All managers, coaches, players and spectators MUST use good sportsmanship at all times on and off the playing field or at any and all PONY league functions. Failure to do so may result in disciplinary actions at the discretion of the league's Board of Directors. A manager will be held responsible for the actions of his coaches, players and their families during the game, possibly leading to a warning and ejection himself.
- n) Any manager, coach, player or spectator who is ejected from a game will be suspended for the next scheduled game and subject to a review by the league's Board who may, at its discretion, further discipline the offender. A report must be turned in to the Division Director within 24 hours for review.
- o) NO cellular phone use is allowed in the field of play.
- p) NO artificial noise makers are allowed in the stands or dugout areas.
- q) Any player who arrives following the start of the game shall be inserted at the end of the batting order and will be subject to the minimum play requirements starting at the inning the player arrives.
- r) A slide or avoid contact rule shall be in effect at all bases. Any player judged by the umpire to fail to slide or avoid contact with an opposing player may be called out.
- s) Any player may be ejected from the game if his actions are deemed by the umpire to be unsafe, malicious, and/or unsportsmanlike, including throwing equipment and use of foul language.
- t) A team failing to field or bat at least 8 uniformed players within 15 minutes of the scheduled game time shall forfeit the game. If a player leaves a game after it has started, causing that team to drop to 7 players, the game can continue but that players spot in the batting order will be an automatic out every time it comes up.
- u) All players must assess during player evaluations to be eligible for selection to any all-star tournament team. (Special circumstances subject to review by the executive-board)
- v) Official scorebook is the home team scorebook for all divisions.

Local Rules - Baseball (Filly, Shetland, Pinto, Mustang, Bronco, Pony, Colt)

- w) The “ten run rule” will be in effect, in which if a team is leading by 10 runs or more at any time after 4 (5 for Bronco & PONY) complete innings (3 ½ if the home team is leading; 4 ½ in Bronco/PONY), the game will be considered complete.
- x) A **Continuation Rule** is in effect in the Mustang and Bronco divisions. On a play where the run-per-inning limit is reached, that play will continue, with additional runs still counting, until the umpire has determined it to be over. This may result in up to 3 additional runs being scored.
- y) Titanium Necklaces are allowed
- z) The winning team is required to submit the score to the league scheduler. The losing team can also submit the score. Any discrepancies in the score shall be submitted to the Division Director for final review.
- aa) Should an umpire fail to appear, the home team manager shall notify their Division Director immediately. The Division Director will make every attempt to get an umpire to the game. Do not wait for an umpire to start the game. The game must proceed utilizing the best available people as umpires. Report all games without an umpire to the Menifee Pony Scheduler.
- bb) No spectators may be behind backstop (center section) during games. This rule can be enforced by umpire or board member at any time.
- cc) Rules in any division may be changed when the schedule will include inter-league play. These rules must be agreed upon by Menifee Pony board of directors as well as all leagues involved in inter-league play.
- dd) Only volunteers with league-approved ID Badges can be in the dugout or on the field working with the players. Badges must be visible at all times.
- ee) Only a maximum of three coaches and one Team Mom are allowed to be in the dugout during any game. These coaches and team moms cannot switch off, they must be the same throughout that game.

7. FILLY DIVISION

- a) A batting tee **MUST** be used during the first half of the season. Coach-pitch will be used at manager’s discretion and player’s ability during second half of season and to NOT prolong game time. Coaches may throw either underhand or overhand but should remain in standing position so to avoid a batted ball. If the ball hits the coach it is considered a live ball and should be played by the defensive team.
- b) For the first half of the season runners can stay on base or return to dugout when the out was made, this will be at the discretion of the base-runners manager. For the second half of the season, runners must return to the dugout when the out was made.

8. SHETLAND DIVISION

Local Rules - Baseball (Filly, Shetland, Pinto, Mustang, Bronco, Pony, Colt)

- c) If a batted ball strikes the machine and stays in fair territory the ball is live and should be played. If a batted ball strikes the machine and goes into foul territory the ball is dead and all base runners shall advance 1 base.
