The opponent will be awarded three (3) points and a 4-0 win. If a team forfeits more than one game, the League Director shall review the impact that such forfeits have on the standings and may consider dropping all results by all teams versus the team that has committed forfeits from the standings. This shall only be done if forfeits have a direct impact on promotion and relegation or the team has been suspended from the league.

6.03 Forfeited Games

A team that forfeits a game shall be subject to the following: The team (1) shall be subject to a fine, (2) could be suspended from the league, and (3) may be relegated one division despite its finish in the standings.

6.04 Uneven Number of Games

If the teams in a division/sub-division do not play the same number of games due to unforeseen circumstances, not including games that teams refuse to play (i.e. forfeits), the Final Standings may be determined by using the percentage of points earned versus the maximum points the team could have earned. The League Director will also determine any tie-breaking procedures that may need to be applied.

6.05 Reporting of Scores

Head Coaches or Team Managers from both teams shall report game scores within forty-eight (48) hours on the Game Report on the NYSL website. If there is discrepancy the game will show as "contested", the League Director will use the Referee Game Report to determine the game result.

If more than two teams are tied, Winner of head to head will not be used until a criterion creates a situation where a team or teams are eliminated. The tiebreakers are used to eliminate a team. If the elimination of more than one team creates a winner, the process is done.
