The continuance of increased opportunities to bring soccer to areas which are not being served the chance to participate in the game of soccer.

D) What is your perception of New Jersey Youth Soccer?

NJYS has continually expanded their outreach throughout all areas of the state through seminars, webinars, college recruiting workshops, and Question & Answer sessions with professional players that earned their spotlight beginning on NJYS fields. We have added programs for travel and recreational soccer, expansion of ODP with the addition of Young Olympians Program, State Cup, and increased the number of TOPSoccer Programs (The Outreach Program of Soccer) to meet players of all abilities. NJYS also continues to oversee that all registered participants both players/coaches are assured of a safe and fun environment.
