Connecticut Junior Soccer Association is committed to serve and educate its membership through the development, promotion and administration of youth soccer in the state of Connecticut.

The Board of Directors of this Association is charged with providing administrative support to the Leagues, Clubs, Teams and Players under its jurisdiction. At one end of the spectrum, we attempt to afford all young people an opportunity to participate in this game and have fun while they learn to enjoy the finer points and skills. Adults directing these programs should keep in mind that this means all participants should play at least 50 percent of each game.

At the other end of the spectrum, we see the exceptional athlete who seeks a higher level of competition and achievement. For them we have the State and District Select Team programs. Many of our former select team players have gone on to excel in college soccer and are even being drafted into the professional ranks.

The Board of Directors of this Association, as well as the thousands of other adult volunteers who donate so much time and energy to supporting youth soccer, don't claim to be perfect. We need ideas and input of all our membership in order to achieve these goals. In 2019, 65,000 young people participated in CJSA activities and the numbers are growing at an astonishing rate.
