

# Frequently Asked Registration Questions

## Referee Questions

1. **What is the GF Hoops Youth Referee Program?**
2. **How does my child register to be a referee?**
3. **What training is required to become a referee?**

### **What is the GF Hoops Youth Referee Program?**

The GF Hoops Youth Referee Program employs the youth of our community to officiate our House League games during our winter season. Referees in our program are assigned to officiate games in grades 2-12, according to their experience and tenure within the program.

### **How does my child register to be a referee?**

Interested parties can sign up to become a referee in our program starting in the 7<sup>th</sup> grade. Registration for this program opens each year in August and closes in late September. Please visit our website for the registration link.

### **What training is required to become a referee?**

GF Hoops provides our referees with pre-season training as well as in-season training. Pre-season training occurs in October and November of each year. These trainings are for first-year and second-year referees. The time commitment for pre-season training consists of 3-90 minute sessions held in the evenings and/or Saturday morning at one of our local gyms. GF Hoops also provides the referees with a whistle and a ref uniform.
