## Player Expectations & Commitment

Every player who accepts a position in SP Soccer Academy is expected to fully demonstrate their commitment to the club. This commitment is outlined as followed:

- **Responsibility.** The tournament dates and complete training schedule will be provided to all members at the start of the season. Once received, it is mandatory for all players to go to *TeamSnap* and update their availability for the entirety season.
- **Attendance to training.** Our primary objective at SP is to help our players to become better. Consistent training is necessary to achieve this objective. Therefore, players are expected to attend all training sessions. We understand that absences may be unavoidable. However please understand that absences may affect a player's time on the field as coaches will play the players who are best prepared to help the team.
- **Missing games.** We acknowledge that our players love to play soccer and will likely only miss games when absolutely necessary. If a player does have to miss a game, he or she is expected to inform the coach at least 10 days in advance, so that adjustments to the roster can be made.
- **Tournaments.** Teams will be informed of their tournament schedule prior to the start of the season. Players and their parents are expected to review the schedule and inform us in advance of any conflicts. We need to know as early as possible who the available player are to complete the roster.
- **Focus and Attitude.** SP Players are expected to show up each day ready to train. We want our players to enjoy themselves and build strong friendships with their teammates. However, when it's time to train, we expect them to be fully focused, have a positive attitude, and work hard to improve themselves and their team.
- **Respect.** Last but perhaps most importantly, all SP players are expected to always demonstrate respect for the game. This means conducting themselves with decency on and off the field, always demonstrating good sportsmanship, and always having respect for referees.

By signing this form, I acknowledge the expectations for involvement in the club, and promise to meet those expectations as outlined above.
