

2021 Spring Season Tryout Information

We are so happy to announce dates for tryouts! We are getting closer and closer to starting the season! This year we will be requiring all players to sign up for their specific tryout day/time. (Information on how to get signed up included at the end of the letter.)

In the coming days and weeks we will be sharing information on Covid-19 procedures for practices and games. Please read the following information and rules for tryouts. Thank you!

- Tryouts for BASEBALL players ages 8-12 that are registered in AA (Farm), AAA and Majors Baseball divisions only. **Returning majors players do not need to tryout.** If a softball tryout is needed we will contact players directly prior to March 2.
- Players, coaches and volunteers only in the tryout area. Parents/guardians may sign in their player but then must return to their vehicle until the tryout is complete.
- Face coverings must be worn at all times, this includes all players, coaches and volunteers.
- Please do not arrive more than 15 minutes prior to your scheduled tryout.
- Players may not be able to warm up at the field, it is recommended that players warm up prior to arriving.
- Please sign up for one tryout time only. We will not be offering multiple tryout days for players this year.
- We hope to limit or if possible avoid sharing of equipment. We ask that each player have their own equipment- glove, bat, helmet. If your player does not have a batting helmet they may "rent" a helmet for the season. Helmets will be available to rent at tryouts. If your player does not have a bat there will be some available for use at tryouts. Any borrowed bats will be sanitized before and after use. If assistance is needed for equipment such as gloves please contact our league equipment manager, vpsoftball.marysville1@gmail.com, prior to tryouts.
- Tryouts are at Cedar Field, 1019 Cedar Ave. Marysville WA 98270.
- Cedar Field is a full turf field- molded baseball cleats or turf shoes are recommended. Players should dress warmly.
