

Majors

(10 – 12 Years Old)

Majors is an exclusive kid pitch division, played on 60-foot base paths with kids pitching from a 46-foot mound. Players will gain and refine skills in hitting, catching, pitching, fielding and being a good team player. Practices and games will be fun and instructional, an inning in this division is only ended with 3 outs. Games for this division will start in early to mid-March. This division will hold 2 practices a week with 2 games a week, games will be held in Lake Stevens and Granite Falls. Teams in this division are legacy teams. Players returning from the year before to the same team do not need to tryout again unless they choose to reenter the draft to be drafted to a different Majors team. All non-returning players will be drafted by team managers after tryouts (registering for Majors does not guarantee a 10 or 11 year old player a spot on a Majors team. 10 and 11 year old players can be drafted to a AAA team or a Majors team). All 12 year old players must play in the Majors division unless it is unsafe for them to do so.

Players will be provided a team jersey and a hat.

Recommended equipment: Baseball cleats, batting helmet, baseball pants, socks, and a baseball glove.

Optional equipment: Baseball bat (must have the USA stamp to be used), batting gloves, and a bat bag.

If you are having trouble obtaining the gear needed please contact a board member so we can help.
