PLEASE NOTE: DBSL no longer accepts coach requests - these requests have caused too many issues in past years. Coaches have a specific number of preselected players that they can designate for their team, no other requests can be used beyond that. If you have a specific coach you would like your player to have, you must contact that coach and see if they want to use one of their limited preselects for your child. Also, if your Buddy Request is with a player who is on a coaches preselected player list (but your player is not on that list), we will not be able to fulfill your buddy request. (Exception to the above is in T-ball division only)
