

## **CVYS partners with RiverHounds**

Central Valley Youth Soccer (CVYS) in partnership with the Riverhounds is offering player year round training at CVYS facilities in Center Township, Beaver County. **This is a high touch curriculum and workout intended to dramatically improve the ball mastery skills of our players.**

CVYS will have Riverhound professional trainers who will divide the group based on age and skill in order to optimize the session. We have developed the program for players in U6 >.

Each player will receive a Riverhound training shirt and will be required to wear this shirt to the Riverhound training sessions to signify they are a player in development. This will most likely be a gold colored Hounds training shirt.

The Riverhounds will be also identifying players with advanced skills who are ready for the next level of training and inviting an advanced group of players to train together for additional skills development.

The Riverhounds partnership will offer other benefits such as discounted tickets, coaching support, Club day at Highmark Stadium and discounts for Riverhound technical training academy. We will have additional benefits outline in future communications.

Register for training at Central Valley Youth Soccer web page,
