

CENTRAL ALTADENA LITTLE LEAGUE

Volunteer Requirements

At Central Altadena Little League, families are a part of the team. CALL depends on the contribution of volunteers to function effectively. Throughout the season, there are a variety of opportunities for everyone to participate and contribute to the success of our players, teams and the entire League.

Though we depend on volunteers, we also respect that families are busy and juggling multiple commitments. We continuously work to meet the League's needs, while respecting the various priorities families juggle.

What is the expectation?

Each family is expected to participate in approved volunteer activities per child playing at CALL. During try outs, each family must provide a check for \$75 (additional \$25 per child), which will be deposited at the end of the season if the volunteer hours have not been fulfilled.

In addition to registration fees, each family is responsible for 3 "shifts":

- Snack Stand = 1 1/2 shifts
- Field Maintenance = 1 shift
- Pancake Breakfast = 1 shift

CALL will utilize SignUpGenius to coordinate volunteers.

Tracking Volunteer Shifts

A volunteer form is attached for you to use to receive credit for your volunteer service and request the return of your deposit (it is also available at the CALL Website). When you have completed a volunteer shift, a CALL Board member or team coach must certify your service. A list of board members can be found on our website.

Once you have completed three volunteer shifts, bring your form to the Snack Stand or scan and email to volunteers@playcall.org and please be sure to retain a copy for your records.

Upon completion of the required shifts, your check will be returned to you or mailed to the address listed below.

The time and effort that you as a community put forth create lasting memories for our children. Please remember that the required hours are the minimum that we request but there is no maximum.

Please sign acknowledgement of Volunteer Requirements: _____

Address you would like your check returned to: _____
