

THE STRONG CENTER, INC.

The Strong Center, Inc., a 501 c(3) non-profit, seeks to empower youth by developing and enhancing their athletic ability through skills training, imparting a strong emphasis on academic excellence, and providing exemplary programs and services. As part of The Strong Center, Inc., we have developed a quality competitive youth football program in addition to our basketball and football skills sessions. Our vision for the competitive youth football program will focus on the progressive development of every participant through knowledge, skills, fitness, sportsmanship, and fun to represent the spirit of Fuquay-Varina and its surrounding areas.

As part of our youth football program, we demonstrate our actions through our strong values and beliefs:

Safety: We endorse the USA Football Heads Up Tackling Program. Young athletes may get hurt playing any sport, so we must be prepared with the proper techniques and guidance to prevent injuries. Our coaches are trained in basic first aid, CPR, and other sports related injury phenomena. Coaches constantly supervise their players and stop any unsafe activities through positive redirection.

Sportsmanship: We will play by the rules and our coaches and players will respect all involved during practices, games, or program events. Our coaches will be role models in sportsmanship, exhibiting good sporting behavior and guiding their players to do the same. The golden rule should always apply to treat others as you would have them treat you.

Positive Competition: We believe competition is a positive process when the pursuit of victory is kept in the right perspective. The right perspective is when coaches, parents, and players make decisions that put the best interests of the team before winning. Learning to compete is important for all, and learning to cooperate in a competitive world is essential to life. We provide players the opportunity to learn these lessons in a positive manner.

Family Engagement: We encourage parental involvement within our sports programs. We encourage parents and family members to be a positive part of the team at both practices and games. We also encourage our coaches to engage parents through open communication during the season to achieve the highest development for every young athlete.

Fun: We embrace fun. Team sports are naturally fun for most kids. However, sometimes when adults become involved in children's sporting activities they can over-organize and dominate the activities and ruin the enjoyment for all involved. We are committed to providing a fun and positive environment which excites the youth in our community.

Founded as a non-profit organization, The Strong Center Inc., embraces support from our community in order to successfully fulfill our mission. Sponsorship with The Strong Center, Inc. is a unique partnering opportunity for those within our community, including individuals, families, and businesses. If supporting The Strong Center, Inc. is an opportunity you would like to explore, please contact me directly so we can begin this partnership together. We are confident your funding will provide The Strong Center, Inc. the assistance needed to positively impact the lives of the youth in our community.

Sincerely,

Danny Strong
