

## Practice and Game Drop-off Procedure

1. Read and sign the COVID Liability Waiver.
  - This is only required once.
2. Complete the Daily Health Assessment Form and sign.
  - This is required to participate for each practice and game.
  - Forms can be completed before practice (preferred) or once you arrive at practice.
3. Each athlete's temperature will be checked with a no touch thermometer prior to practice.

## Frequently Asked Questions

### ***Are we going to have a season?***

At this point, we are optimistic that we WILL have a season.

### ***How are we going to make football safe during a pandemic?***

We have devoted countless hours to studying protocols, guidelines, and best practices from the CDC, PA Department of Health, PIAA, and MASD. We have compiled data and developed our own protocol that encompasses all nuances of our upcoming season. We are dedicated to adhering to the rapidly evolving situational constraints. Our protocol is available for your review [on our website under "Player Safety."](#)

### ***Are we going to be allowed to have spectators at the games?***

Current PA DOH guidelines do NOT allow for spectators at school athletic events. While we are a recreational league, our activities are held on school district property. We are held to the restrictions set forth by MASD and the PA DOH. The Department of Health has provided a step-based evolution of return to play for scholastic athletics. It is our anticipation that the DOH will be reevaluating their guidelines in the coming weeks and modifying their recommendations. This is something that we can only speculate. We will disseminate information as we receive it.

### ***When will practices start?***

Our league has set an official start date for practices of August 3, 2020. You will be receiving communication via email, from our [MCAA Facebook page](#), and from individual coaches in regard to times. Football will practice at Hyde Elementary from 6-8pm. Cheer will have varied dates and times. These will be put out by the Cheer Commissioners and coaches.

### ***What happens if the season gets cancelled once we have started practice?***

In the event of a season cancellation prior to our first game, you will be offered two options: you can be issued a full refund of all registration fees that you have paid thus far, or you will be given the option to apply any fees you have paid to the 2021 season.

### ***What is conditioning?***

Football conditioning is an optional workout that any child can attend. This is a great way to expose the children to the exercises that they will perform during practices. It is also a great forum for parents new to the sport or to MCAA to ask questions and meet some of our coaches. We will start conditioning July 15 from 6-8pm at Hyde Elementary. We will run conditioning every Wednesday from 6-8pm at Hyde until Heat Acclimation begins the week of August 3.
