

SOCCER PLAYER EVALUATION

NAME:

Date:

The purpose of this evaluation is to provide written feedback regarding the player strengths and weaknesses within the development progress. It is intended to aid in determining areas of their game to continue to enhance and those areas that need additional attention in order to maintain or further level of play. This assessment is not meant to replace verbal communication between the player and coach. Verbal communication between player and coach regarding progress and abilities should be ongoing. If you have any questions about the ratings on this evaluation then please schedule a meeting with your coach.
