

BOYS & GIRLS CLUB
OF THE BERKSHIRES

Basketball Program Alert

The Boys & Girls Club of the Berkshires will have a Basketball program this winter. We are waiting on guidance and regulations from the state. When those regulations are released, we will be able to inform you as to what type of program we can provide. Current regulations only allow us to do conditioning and drills. We hope new regulations will be available next week and registration for the program will be available mid-November. Registration will be very limited and available to Berkshire County youth only. Please follow our website and Facebook page for information regarding registration.
