

Piscataway Premier Program

PSC Premier Program Overview

The Piscataway Premier Program (P3) is designed for highly committed and motivated players who make soccer their number one extracurricular commitment. While we encourage players to play other sports, especially at the younger ages, each player is expected to prioritize their PSC Premier obligations over other sports or activities in the fall and spring seasons.

Tryouts will be held by team. Independent evaluators, as well as the team coaching staff will be utilized to determine final team roster. If you are offered position on a PSC Premier team, you will be asked to register and pay the \$285.00 registration fee. This is non-refundable should a player choose to leave the club after accepting their spot on the team.

PSC Premier Training and Team Structure

- Most teams train 2-3 times a week per season (Fall and Spring)
- All teams train 1 time per week in the Winter (~10 weeks)
- All teams participate in 2 Fall tournaments
 - the PSC Fall Classic in September
 - an additional tournament on Columbus Day weekend
- All teams participate in 2 Spring tournaments
 - the US Club NJ Cup
 - an additional tournament on Memorial Day weekend
- Teams may optionally go to additional tournaments at an additional cost
- An optional Summer program will be offered

PSC Premier player cost structure

- Registration fees are \$285 per player, per season (Fall and Spring)
- Trainer Fees, approximately \$265 per player, per season (Fall and Spring)
- Winter fees, approximately \$95 per player (training and league)
- Uniform Kit, approximately \$300, required ever 2-3 years as players grow (includes 3 jerseys, shorts, socks, warmups, backpack)
- All trainer fees will be divided among the total rostered players to determine actual cost
- Players will be given opportunities to perform Club fundraisers to lessen the burden of cost to the player's family.

In the above example the TOTAL COST would be approximately \$1195 + uniform kit of \$300 (if needed) for the year.
