**CARDING** – Players and coaches must have a valid NJ Youth or US Club Soccer pass.

Small-sided games are **GOOD** for your players and team!

**Why?** Here's a couple of reasons:

- More touches during the game (individual technical development)
- More game related decisions (tactical development)
- More opportunities to score goals (pure excitement)
- More opportunity to play on both sides of the ball (attacking and defending situations)
- Players are more physically efficient (smaller field size)
- More opportunities to interact with others and solve problems that only the game provides (socialization)

So why aren't you giving your players these opportunities? Talk to your team and register today! The League will finish before the start of the spring outdoor season.
