

Yalesville Little League Mission Statement

It is the mission of Yalesville Little League to provide a safe, enjoyable environment for the children of the community to play baseball. To ensure that those children have the best coaches possible to teach them the game and how to participate in team sports. To develop and train coaches who are more concerned with teaching a child the game of baseball than his or her team's won/loss record. To achieve that mission, Yalesville Little League will endeavor to recruit only those individuals that embody a standard of excellence that serves the best interest of the children of the League. Yalesville Little League will provide coaching clinics for coaches, encourage adult participation in League activities, and seek only quality people to participate in the everyday operation of the League.
