

Coronavirus (COVID-19) Update

WYSA is monitoring the situation and following the lead of the Town Board of Health on safety precautions, including any possible program limitations that may arise. This is a rapidly evolving matter and we will shift protocols as needed based on any updated guidance from the State and/or Town.

IMPORTANT – The Westborough Recreation Department has closed all fields, FOR ALL USERS. Please do not use any town fields.

We will reach out to all coaches and parents with updated plans prior to the start of the spring season the first week of April.

For more information, please see the [Westborough Town Website](#), as well as that of [Massachusetts Youth Soccer](#).
