

## **Financial Assistance Policy and Program**

The financial assistance program for BYBL is available to help families who are facing temporary hardships and would like their children to play in youth baseball. The financial assistance program will be capped at an amount determined by the Board for each baseball season.

Financial assistance is defined as receiving special monetary awards based on need or being approved for a payment plan outside of the standard payment process.

### **Eligibility**

- Financial assistance is available to Bolingbrook residents only. Proof of residency must be submitted with the application.
- Assistance is available based on financial needs or hardships.
- Applications and relevant information must be submitted 14 days prior to the registration deadline for the season to be considered for financial assistance.

### **Policy Guidelines**

- Financial assistance and the application process will be confidential.
- All awards will be awarded on the basis of need and availability.
- Awards will be granted on a first come, first serve basis as long as all eligibility requirements are met and the application is approved.
- Filling out an application does not guarantee an award. The BYBL board reserves the right to approve partial funding or deny any request.
- Approval will be granted on a per person, per season basis. The award will not extend nor continue into the next season.
- The application must be completed in full and all pertinent information must be submitted with the application in order for the applicant to be considered.
- Financial assistance is available for in-house youth baseball only. Financial assistance is not available for the Rampage Travel Baseball program, All Star teams, Sunday League teams, or events such as the Lock-In.
- Though we aim to serve the community as best as possible, financial assistance is not a guarantee.
