 5. Pitcher eligibility rules as listed in the Little League Baseball Operational Manual, section VI shall apply, see Pitching Section.
 6. Pitcher warm-ups must be done utilizing another Player in full catcher's gear. Non Players (i.e. Parents and/or Coaches) are not allowed to warm-up pitchers on or off the field.

6) Coach Pitch

- Only team assigned managers and coaches are permitted to throw coach pitches during games.
- Coaches must remain in the pitchers circle and shall not interfere with the field of play or an automatic out will be charged to the batter.

Mission Statement 2017-2018

Chino American Little League was founded to provide an opportunity for all of our community's children to participate and learn the game of baseball in a fun, safe and engaging environment. Our goal is to encourage the importance of sportsmanship and friendly competition while instilling discipline, teamwork and lifelong skills.

- Upon ball four (4), the batter will be thrown a maximum of five (5) pitches from the coach. The number of strikes on the batter will remain and the umpire will call balls and strikes on the next five (5) pitches. The batter will continue batting until a third strike occurs, the ball is hit into play, or the batter is put out. If after five (5) pitches none of the above occurs the batter shall be ruled out.
- Foul balls on two (2) strikes do not count towards the five (5) total coach pitches.
- Bunting or half swings are not allowed on pitches delivered by the coach. All such attempts shall be called strikes by the umpire.
- Batter/Base runners may advance a maximum of two (2) bases on a ball pitched by a coach with liability of being put out. Once the batter reaches second base the play is dead. Runners who over run their maximum base will be allowed to return to the proper base without liability of being put out.
- During a coach pitch, the player pitcher, must remain completely inside the pitcher's circle until the ball is hit when the coach is pitching. The catcher must wear full catcher's gear and remain behind home plate to receive coach pitch.

7) Batting and Base Running

- All players on the line-up card shall bat in the order listed, see line-up card section.
- There is no base-on-balls (Walks) in the AA Division, see Single A Section.
- A batter that throws the bat after striking the ball shall be issued a warning on the first offense and be called out upon any subsequent offenses.
- A base runner is awarded one base on an overthrow to first or third base when the ball goes out of play (beyond the fence line).
- The infield fly rule shall not be imposed.
- Sliding rules are in place for safety reasons.
- No head first sliding while advancing bases is allowed or the player will be called out.
- There will be no base stealing or leading off. All runners must remain in contact with the base until the ball is hit. After the ball has been hit, runners may advance at their own risk until the ball has been returned to the pitching circle. At that point the ball is "dead" and the base runners may advance no further. A runner, who has reached the halfway point between the bases, has the option of continuing forward to the next base or back to the previous base. (The umpire will make the determination of whether the runner has reached the halfway point). The runner is in jeopardy of being put out in either case. If a play is made on the runner the ball is back in play and the runners may continue until the ball is again ruled dead by being in the pitcher's circle. This rule does not apply on a Coach pitched ball.
- While legitimate doubles, triples and home runs are encouraged, managers and coaches are discouraged from instructing their base runners to take advantage of the limited fielding skills of the defense. This does not promote the good base running skills that are required when the players move up to more advance levels of play.
