

## FBBA Players-Only on Court Policy

A note to coaches and site safety volunteers

Due to safety and insurance concerns the only players allowed on the basketball court during practices and games will be registered participants of FBBA who are on the teams scheduled to be on the court at the time of the practice or game.

FBBA's insurance policy will only cover coaches and players registered to Fast Break Basketball Association. If an unregistered person either gets injured or causes an injury to a registered child, our insurance policy will not cover the injuries. Also, this may be considered a negligent act (negligence was reviewed in your Rutgers Certification classes), which means you may be held personally responsible.
